

# Exploring Data Institutions

Increasing trustworthy, sustainable access to data

A one-day online event

Wednesday 16 September 2020

Access to the right data can help us to tackle the big challenges we face – from the earlier detection of disease to reducing pollution in urban spaces.

We need data to be stewarded responsibly to ensure that data is available to address these economic, societal and environmental issues, in ways that don't cause harm to people and communities.

At the Open Data Institute, we've established a programme to explore the role of data institutions – organisations which purpose involves stewarding data on behalf of others, often towards public, educational or charitable aims.

Join us for this online event to learn more about our work and hear from organisations building and advancing the cause of data institutions from around the world.

We've designed the schedule in two sections to appeal to audiences in different time zones and with varying interests – one from 10:00 to 11:30 and another from 13:00 to 14:45 BST – with time between and afterwards to network with a global community and explore the online resources we've curated.

- **09:00-10:00 - Review the programme, get familiar with the platform and have a look at the booths we've curated** Be ready, coffee in hand, for the sessions on the main stage to kick-off at 10am.
- **10:00-10:15 - Data Institutions: The State of Play**
  - Nigel Shadbolt, Open Data Institute
- **10:15-11:00 - Involving the public, patients and other stakeholders in the stewardship of health data**
  - Louise Burke, Open Data Institute
  - Hilary Fanning, INSIGHT Health Data Research Hub
  - Wen Hwa Lee, Action Against Age Related Macular Degeneration
  - Rob Bryan, BPE
- **11:00-11:30 - Lightning talks**
  - Thom Townsend, OpenOwnership
  - Dr Rishi Caleyachetty, UK Biobank
  - Matt Prewitt, RadicalxChange Foundation

- **11:30 - 13:00 - Grab your lunch and network with colleagues. Or watch a game of Datopolis, visit the DoxBox trustbot and learn more about ODI membership.**
  - Learn about ODI membership in the Explore area
- **13:00-13:30 - Designing the right data institution or collaboration**
  - Leigh Dodds, Open Data Institute
  - Astha Kapoor, Aapti Institute
  - Sonia Cooper, Microsoft
- **13:30-14:15 - Data trusts: what's happening in 2020?**
  - Pauline L'Hénaff, Open Data Institute
  - Sylvie Delacroix, Birmingham Law School
  - Aline Blankertz, Stiftung Neue Verantwortung
  - Jack Hardinges, Open Data Institute
- **14:15-14:45 - Access to data for COVID-19**
  - Renate Samson, Open Data Institute
  - Caroline Gorski, Rolls Royce
  - Tom Denwood, NHS Digital
  - Carly Kind, Ada Lovelace Institute

**Followed by closing remarks**

- Jeni Tennison, Open Data Institute
- **14:45-16:00 - Have a final explore of our data institutions booths and discuss the sessions with other attendees.**
